

Sage Construction Management Integration for Sage 300 CRE

With Sage 300 CRE and Sage Construction Management, you can streamline your construction operations from preconstruction to project management to finance.

Whether you need job cost codes, estimates, contracts, or other information to be available in Sage 300 CRE from Sage Construction Management, or vice versa, you can be sure that your data is consistent across the two.

Here is an illustration of the data that will be available across each product.
